

First PCs on rlog-transformed data

Top 500 genes

condition

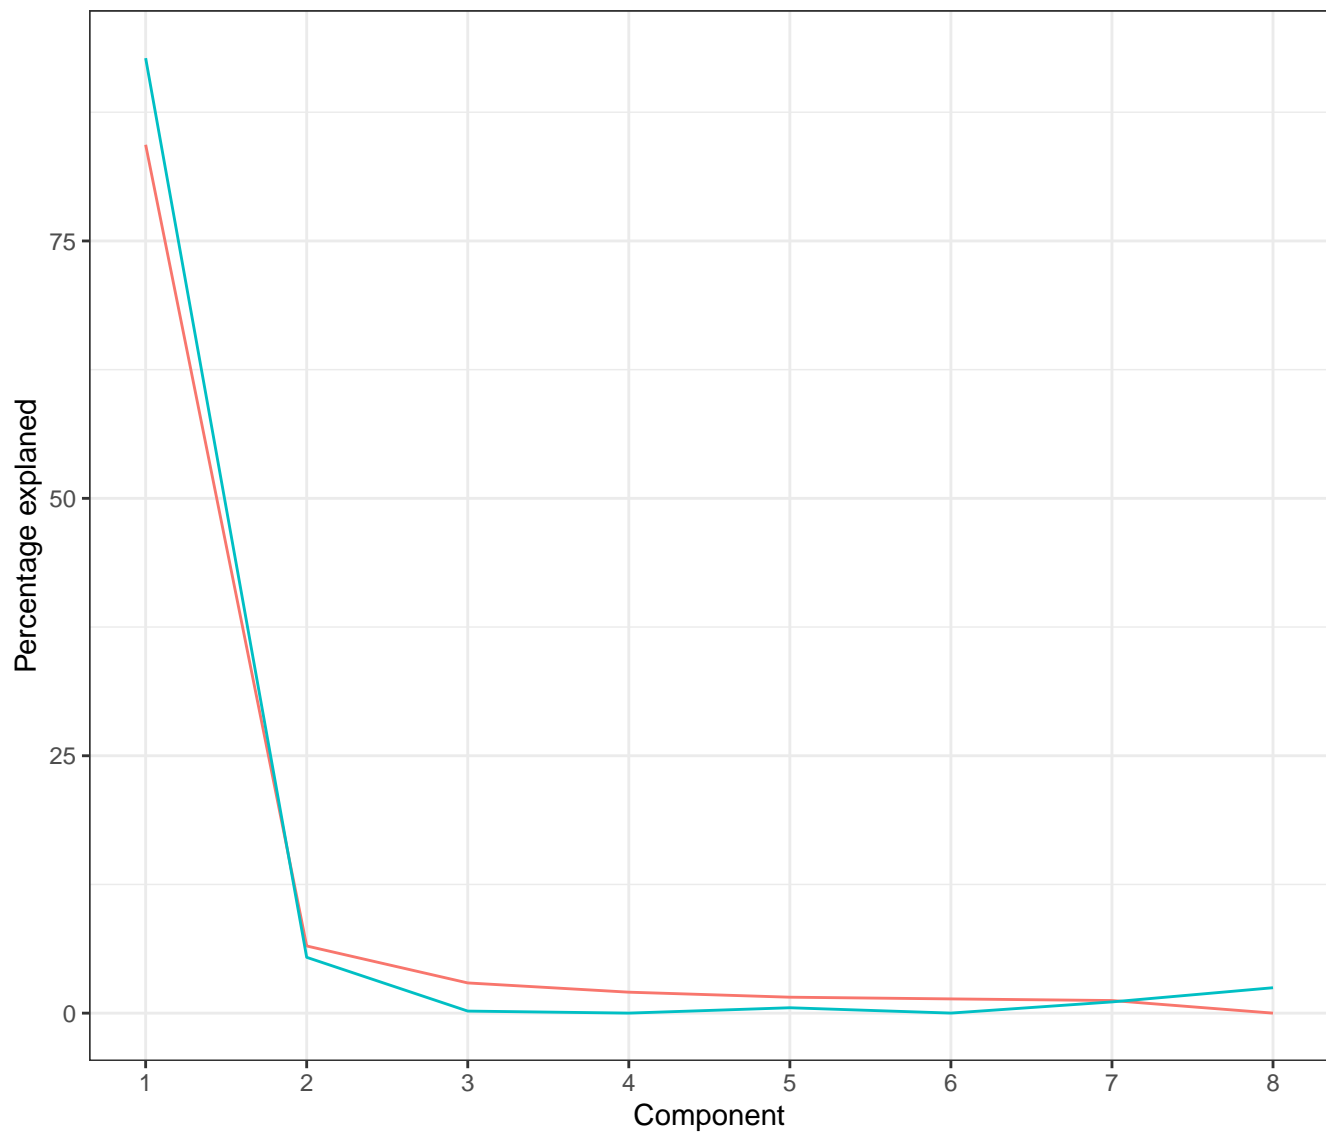

normal	tumor
--------	-------

Diagnostics of PCs

Top 500 genes

Percentage variation — explained by PC — of PC explained by condition

Group—Explanatory PCs of rlog-transformed data

Top 500 genes

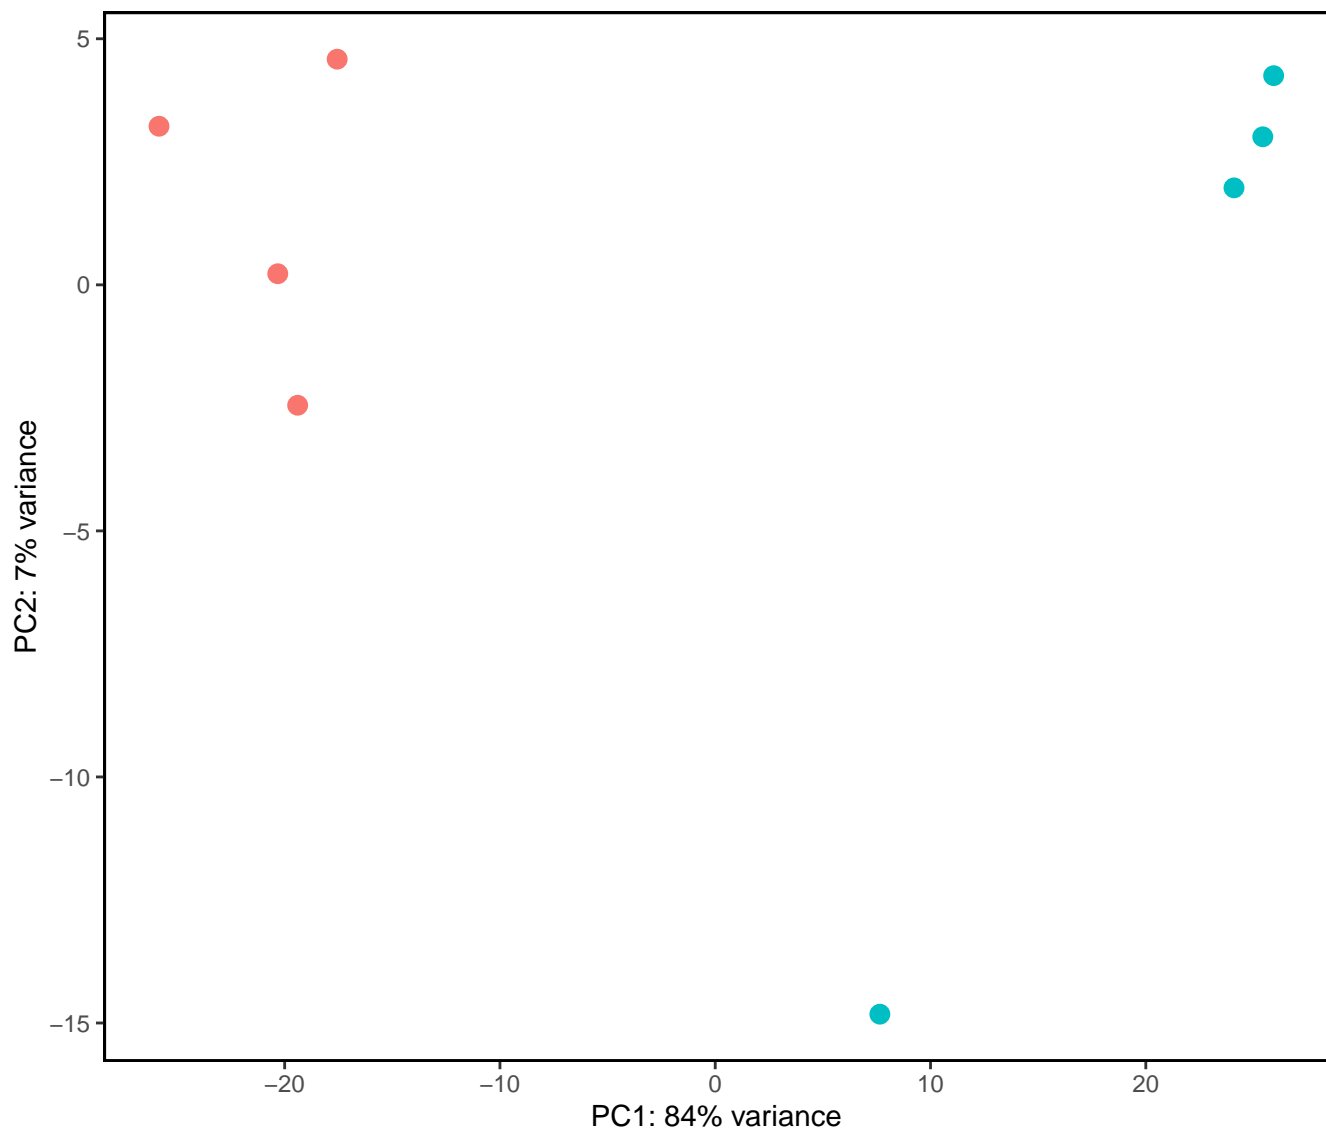

condition

normal

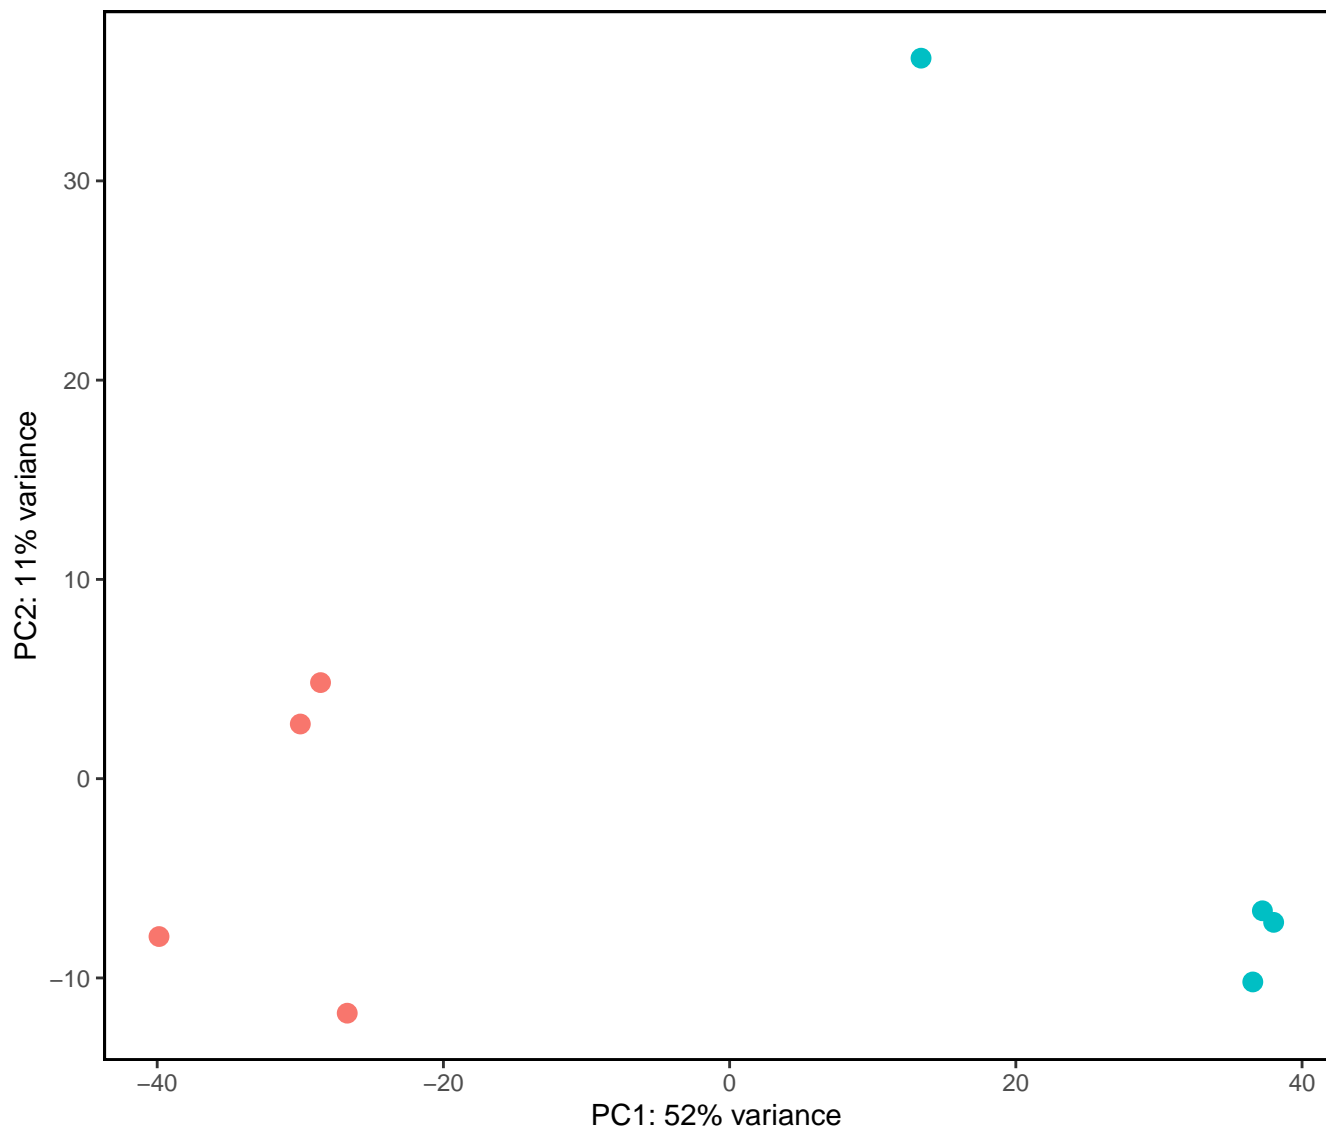

tumor

First PCs on rlog-transformed data

All genes

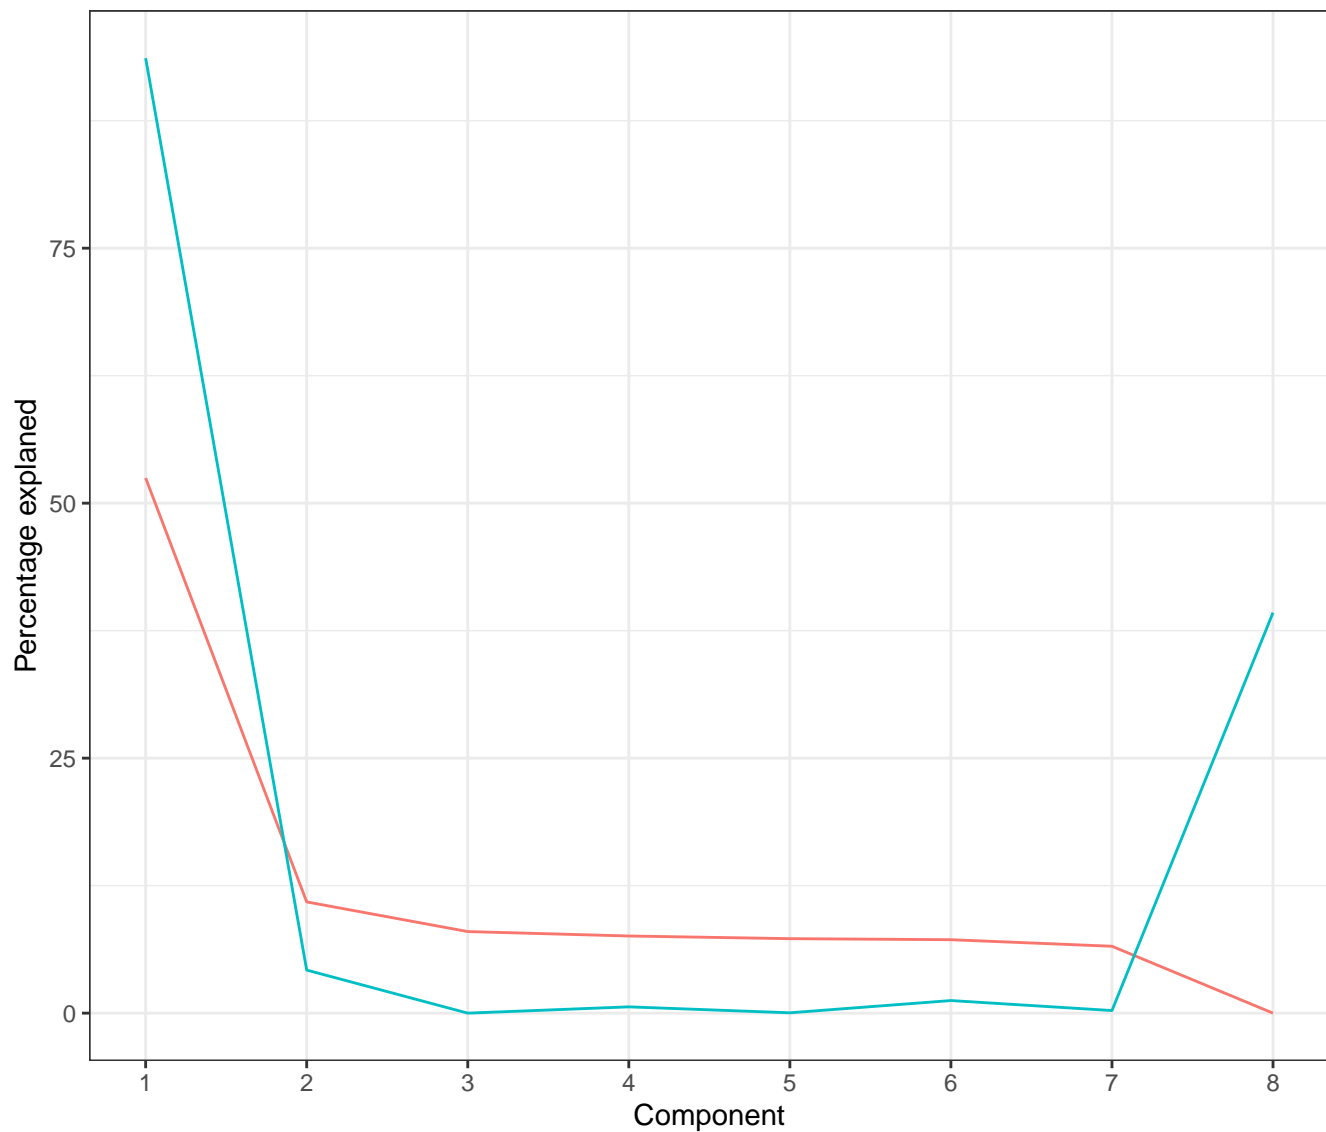

condition ● normal ● tumor

Diagnostics of PCs

All genes

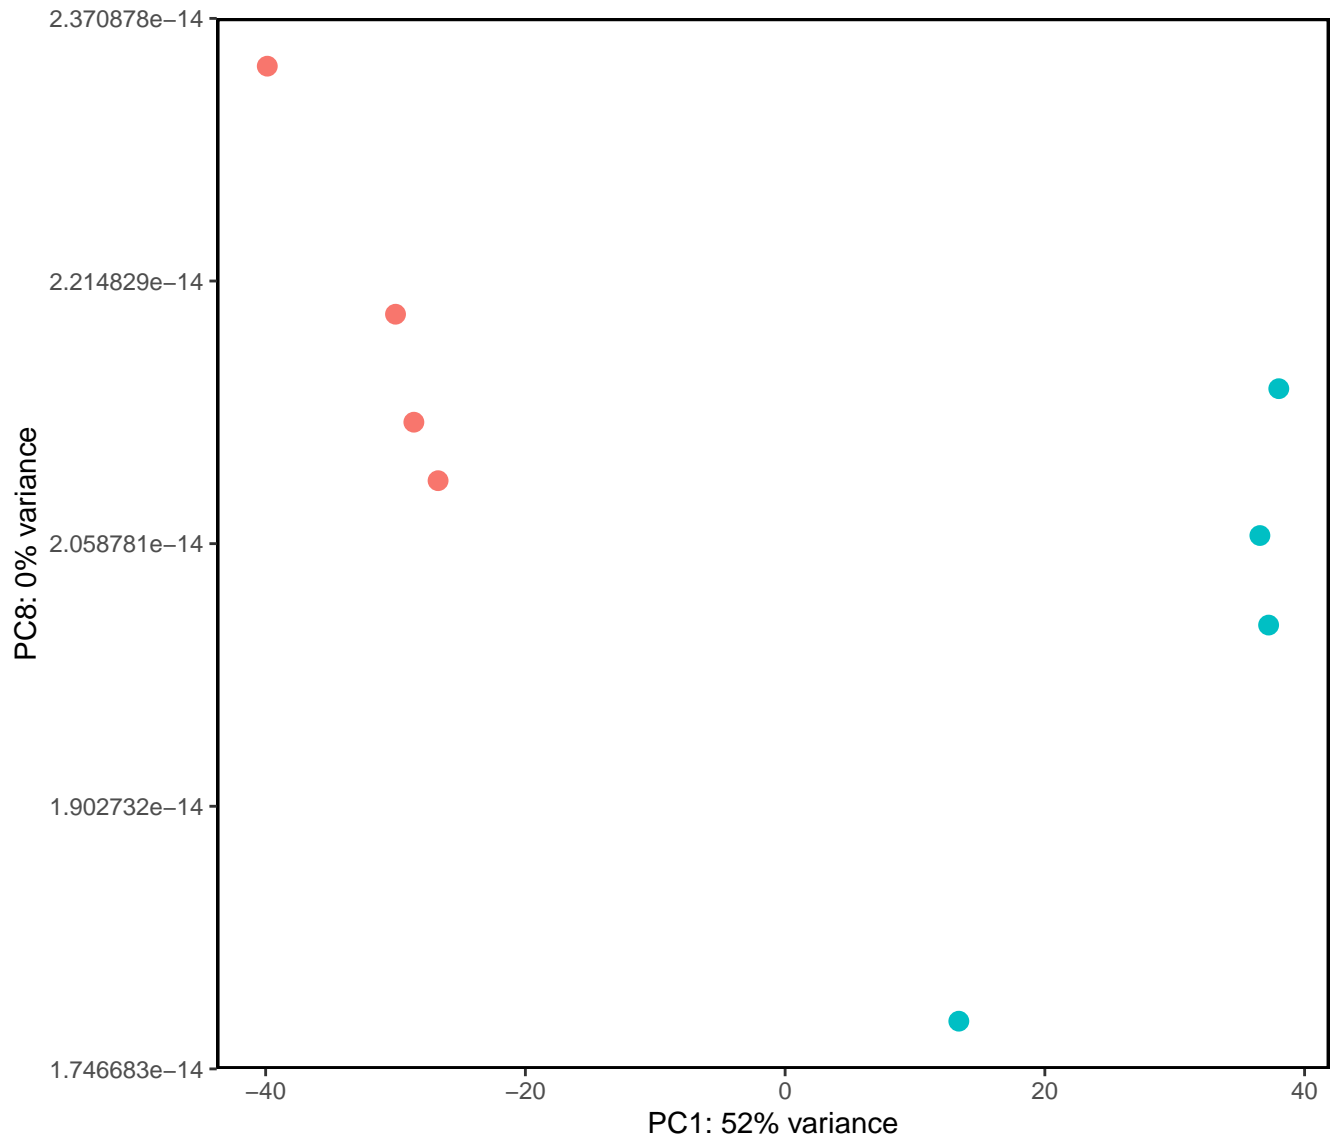

Percentage variation — explained by PC — of PC explained by condition

Group—Explanatory PCs of rlog-transformed data

All genes

condition ● normal ● tumor

Euclidean distance between rlog of samples
